

CUMBERLAND VALVE & FITTING

TEK CV & F

8701 Unicorn Drive
Knoxville, TN 37923

865.688.8101 office
865.688.1916 fax

TEK CV&F maintains an audited and approved nuclear material identification and verification QA program.

Instrumentation Fittings

- A-LOK® Double Ferrule Compression Fittings
- CPI TM Single Ferrule Compression Fittings
- MPI TM Compression Fittings
- Instrumentation Pipe Fittings and Hex Nipples

Instrumentation Valves

- Manual and Actuated Ball Valves
- Needle Valves
- Check Valves
- Relief Valves
- Rotary Plug Valves
- Filters
- Metering Valves
- Purge Valves
- Regulators

Autoclave

- Medium and High Pressure Valves, Fittings, Tubing and Valve Actuators

Personal Responsibility In Delivering Excellence

Temperature Sensing

- Thermocouples
- MgO Insulated Sensors
- RTD Assemblies
- Food and Dairy Sensors
- Thermowell Assemblies
- Special Purpose Sensors
- Thermocouple Wire
- Accessories
- Instruments

Engineered Products

- Intraflow
- Changeover Systems
- Close Couple Instrument Mounting System
- Phastite® Tube Connectors
- Multitube® Instrument and Heat Trace Tubing Products
- Quick Couplers
- Instrument Manifold
- Double Block and Bleed Valves
- Probloc Metal Hose
- Air and Gas Filtration
- Flow Controls
- Thermowells
- Sample Probes

Regulators

- High Purity Regulators
- Pressure Reducing Regulators
- Tied Diaphragm Regulators
- Negative Pressure Regulators

PFA/PTFE

- PFA Fittings Pargrip, Parflare, Parbond
- Fluoropolymer Tubing
- PFA/PTFE Valves
- Ball Valves
- Needle Valves
- Relief Valves
- Regulators
- Flowmeters
- Spray Guns
- Sampling Valves
